

Cornice Nr. 147 “Cyma”

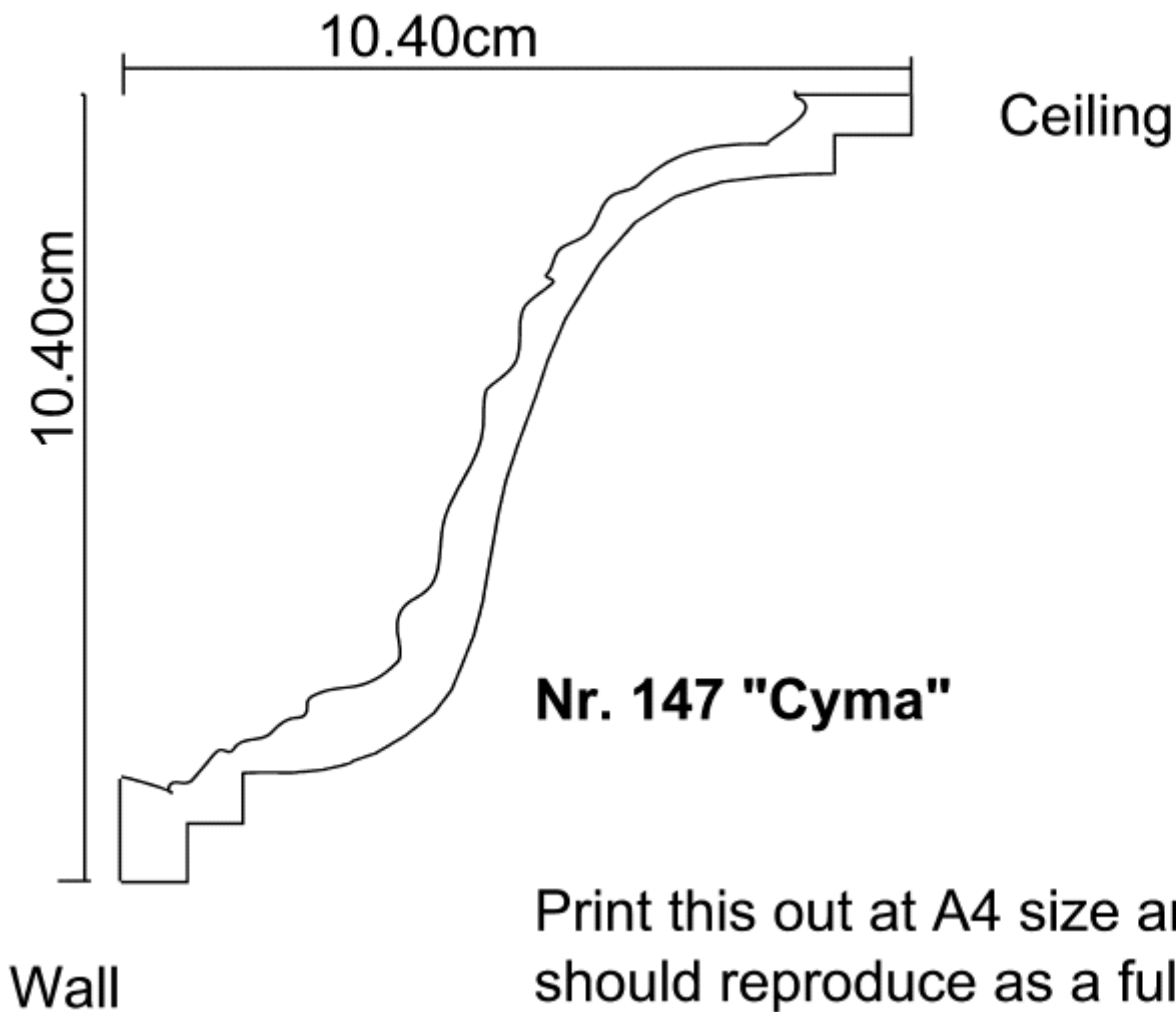

A very clean, modern cornice. Absolutely contemporary in design, a cornice for today's home or this year's workplace.

Looking at the dimensions (below) it is self evidently one of Ossett Mouldings smaller designs. Therefore think about using this pattern in a smaller area or perhaps in complex areas.

Should you be considering installing this cornice yourself, you can certainly consider fixing this one - it's actually easier than most others.

Don't forget that on page two of this actual document there A full size cross section of the design.

Projection 104mm. (c.4")
Depth 104mm. (c.4")
Length of Cast 3400mm. (11'2")
Plain Run Profile

Print this out at A4 size and it should reproduce as a full size cross section of this cornice design.

The original is on show at our Dewsbury premises. Please do call to inspect this or any of our many other designs.
